

# New Way to Advertise!!

Give your business more local exposure for only pennies per piece.

## LOCAL MENU ADVERTISING PROGRAM

Advertising in your local restaurant menu is a great way for you to connect with new customers that live in your community.

### How It Works

New View Media Group provides free menus to restaurants in your area. The menus are supported by local businesses advertising within the menu.

Ads last for 6 months, and are full color. Most ads are one flat rate of only \$200.00 per menu with a 10% discount for advertising on multiple menus.

We will design a custom ad for you at no additional charge.

If you have questions, need printing for your business or are interested in advertising in any of our product lines please contact us.
