TESTIMONIALS

As a Realtor, I have been advertising with My Life publications for years now and have done so for the results we get for our Sellers. The papers are read, we get calls and the exposure consistently drives brand recognition for our business. New View Media has been and will continue to be a part of my marketing program!

Shjaron Caruso Realtor, Sales Associate
Remax Heritage Properties

"Print marketing works well for the medical industry. In this day and age of technology, we decided to use resources like QR codes and advertorial style ads - which really increased awareness and traffic to our practice, Feet 'N Beyond of New Jersey."

Curtis Mack | Marketing Coordinator
Feet 'N Beyond of New Jersey, P.A.

I opened Mt. Olive Acupuncture in Mt Olive and advertised in the Mt Olive News, Randolph News, Roxbury News and Hackettstown News. In my first week I received calls and booked 5 new patients. I ran my Grand Opening ad and the open house was a success. I was fully booked the following week. Every patient I spoke with told me that they saw the ad in the newspapers. I never imagined how a local newspaper ad could bring in so many new patients. I will continue to run ads in the newspapers. I am amazed at the response I have received from the ads, it was well worth the investment made!

Kearstin Tripi, LAc

I have worked with Paula Battle for about 15 years and can attest to her being a valuable asset to my business. Paula is conscientious, follows through, and gets the job done, she is always a delight to work with and I am honored to have this opportunity to praise her talents

JERSEY WELLNESS CENTER

My name is Dawn Leonard and I have been the Office Manager at Jersey Wellness Center for over 23 years.

Since 1983, Jersey Wellness Center has been serving the Denville and surrounding areas with Chiropractic, weight loss, nutrition and holistic health services.

We have always looked forward to opportunities to advertise locally in an effort to share our natural wellness to potential patients. For the past 2 years we have consistently advertised with My Life Publications (Denville Life).

We have found that advertising with My Life Publications to be an excellent way to share the services we offer to this very special town we love.... Denville.

My Life Publications has been and will continue to be a big part of our success and I recommend any business to use this publication to help market their business.

IMPLANT DENTISTRY

Recently, a patient came to Dr. Chin with a loose full denture in her upper jaw. It turned out the jaw had her teeth extracted last year and the new denture was put in. Since that loose upper denture was made, she had been unhappy with the situation. She inquired about the possibility of a fixed bridge supported by implants.

After careful examination, Dr. Chin decided she would need very extensive bone repair in her sinuses, done in stages to allow her to have implants placed. This could take two years, because she is already wearing a removable denture. It interferes with the normal bone repair process in the other areas of her upper jaw.

That's why planning ahead is crucial when it comes to a treatment of an implant-supported fixed bridge, especially before the teeth are extracted. Oftentimes, a lot of the "prep" work is done while a couple of teeth remain in the mouth to hold up a fixed temporary appliance. This allows for a faster healing time and more optimal placement of implants to support a fixed bridge.
